

Advocating for Tobacco Agriculture

Your advocate in Educating for the Future

BTGCA has awarded \$3,000 scholarships for the 2020-21 school year to 10 individuals attending community and technical colleges, private colleges, two-year colleges, seminaries, trade schools, or public universities.

If you know any of the recipients, congratulate them. If you don't know them, you should meet them. They're amazing.
